CHAIRMAN'S REPORT

Nothing new to report.

UPDATE ON BLS STAFFING

Zach Harris shared that BLS staff training has started with plans to finish the first week of October. They are continuing to work on an agreement with Stillwater Fire

to allow their staff to ride in the ambulance when they are needed to accompany the patient to the hospital. LifeNet is fully staffed at this time.

REPORT FROM LIFENET

Zach Harris shared they provided ambulance coverage (volunteer personnel) in Guthrie for a funeral service of a Guthrie police officer/part-time firefighter. LifeNet responded to three calls during that time. Kelly McCauley reported that the urban emergency response time for August was 94.2%, rural 911 emergency response time was at 90.3% and the non-emergency response time was at 90.4%. LifeNet completed two transfers originating outside the service area. Call volume was 506. McCauley updated the members on the late response calls and shared details with the members. He also updated the Board on statistical information, community education and survey information. He shared the PCR/QA report for June, July and August.

OTHER BUSINESS

McCauley shared that although mechanically maintained, LifeNet has ambulances approaching 300,000 miles. Per contract, these will need to be replaced; however, there is a shortage of emergency vehicles, so it is taking longer than normal for replacements. Snavely shared that it may be next June before an ambulance is available for LifeNet to purchase. McCauley agreed to discuss solutions with Chairman, Jerry Moeller.

McCauley also shared that Skyline Elementary School has requested an AED and he will bring that forward for consideration at the next meeting.

David Snavely shared that David Baumgardner's retirement party will be held on September 30th in Texarkana. Members of the Board were invited to attend.

ADJOURN

There being no further business, Ackerson moved that the meeting be adjourned. Louthan seconded the motion, and Wells, Ackerson, Louthan and McLain voted in favor of the motion. The meeting was adjourned at 12:31 p.m.
