Modella Sign Project – Detailed Budget

November 2024 – Stillwater TIF Grant

Financial Need: Originally donor funds were raised to purchase and install a new sign for the Modella Gallery. The cost of installing the sign exceeded our original expectations and depleted all of the project funds.

After installing the sign, it became apparent that the paint on the storefront was very faded. The vibrancy of the sign only highlighted the dull appearance of the paint. Where it once was purple is now light, blueish grey due to sun damage. The mural on the lower level of the storefront, around the entry way, is also faded and needs touching up. Mural artist, Elizabeth Sampley, said that she could touch up the old mural and background paint as well as extend the mural design to incorporate the new signage.

We are also requesting funds to purchase feather flags to go our front of the building. This will help with visibility, especially around parked cars by the sidewalks. It will also ensure that visitors clearly know we are open.

Proposed Budget:

Item	Cost	Link
Feather flag for front sidewalk	280	\$250 + 30 shipping - 48HourPrint Online
Mural update and expansion	5000	Artist: Elizabeth Sampley. This includes touching up the lower level mural and expanding the design to the top storefront around the new sign. This estimate includes artist time/labor, material costs, and cost of a renting lift.
TOTAL	\$5,280	

Amount Requested from TIF Grant - \$2640

Elizabeth Sampley

Mural Artist

Modella Sign Mural

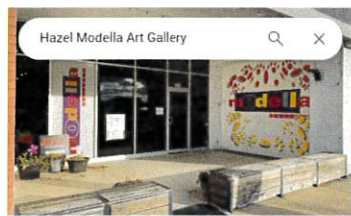

Paint and materials (brushes, cleaning supplies, drop clothes, paint, rollers, markers, etc.) \$1300

Scissor Lift for a week is approx. \$350 so for two weeks it would be \$700.

Custom Mural design to fit sign and existing mural in bay area \$1000

Artist Time and Labor \$3000

Total would be \$5000 including everything
