MR. SHIELDS SECONDS.**

D. Krehbiel	W. Shields	K. Kelty	B.ENMEIER	B.RICKMAN
Yes	Yes	Yes	Yes	Yes

3. MISCELLANOUES ITEMS FROM STAFF:

A. Discussion and possible action regarding draft ordinance to amend Chapter 10 to adopt the 2018 I-Codes and 2020 NEC code.

Jeff Mathews addresses the board about the draft ordinances proposed to amend Chapter 10 to adopt the 2018 I-Codes and 2020 NEC code. Mr. Mathews pointed out that after adoption, changes would be communicated to the contractors in a continuing process without violations being red-tagged right away.

Mr. Mathews pointed out on the commercial side, specifically for I-one and dormitory settings under R-2, under cooking equipment, there was some clarification or mandate now that if you install a gas cook-top range, there is a requirement for a fire suppression system.

Mr. Mathews also related that some direction and design criteria is being given to design based upon security in educational facilities and classrooms. Special attention would be given to egress in these designs to ensure the ability to safely exit a secured locked location.

Mr. Mathews then turned over discussion to Jimmy Fairbanks to address the IRC side.

Mr. Fairbanks addressed the board with additional comments addressing several main points, such as:

- One point was that on free-standing tubs, the code no longer requires an overflow unless the design of the tub requires overflow;
- Another point related was that now commercial cooking ranges are allowed in residential dwellings when installed according to its manufacturer's specifications and design engineering standards; and
- Another point related to the board was the shut-off valve and tubing system which is the CSST where the shut-off valve has to be supported by an independent support.

Mr. Fairbanks then led a discussion about unvented crawl spaces under the new code.

Mr. Mathews then addresses the board with additional comments covering the due diligence, training classes, and research the City has expended since September 2022 on the new code requirements. Mr. Mathews then related the discussions on the electrical side he and Mr. Les Currie have had on the new requirements.

Mr. Les Currie then addressed the board relating that the department intended to jump two code cycles and it will take time to adjust and makes the following points:

- The 2017 code did not have anything in it unusual;
- Related the new definition of vehicle bay in residential garages;
- The new definitions in the 2020 code are intended to cover electrical receptacle configuration to allow for electric vehicle charging stations;
- Several changes in the GFI protection covering several areas; and
- That the 2020 code addressed the need for an outside remote disconnect of the main for the benefit of fire and police with surge protection for service equipment.

Mr. Mathews then commented that like it or not, sooner or later, compliance with state requirements will have to be done in a continuing process. Mr. Mathews related that Title 748 was signed by the Governor on September 14, 2022 and municipalities are given time to do research, attend classes, and obtain necessary code books to catch up.

Mr. Roger Gose then addressed the board commenting that the City is proposing to adopt the ICC and not the amended codes that were signed by the Governor. Mr. Mathews related that the City Attorney's office has examined the proposal and in Chapter 10 at the beginning, it addresses the Oklahoma Uniform Building Code. Mr. Gose again stated that what is proposed is adopting the ICC without any amendments. Discussion ensued whether the proposal actually includes the amended codes. Mr. Mathews stated that he would have the City Attorney's office do further research to ensure that the Oklahoma Uniform Building Code amendments, as adopted by the Governor, are included in the proposal and that he would personally research the code to ensure its inclusion.

Due to the uncertainty as to the proposal actually including the amended codes in the Oklahoma Uniform Building Code, Chairman Waylon Shields proposed to defer adoption of the department's proposal until this requirement can be clarified. Mr. Mathews agreed

that the language in the proposal needed to be verified and stated he would sit down with the City Attorney's office to make sure the proposal correctly includes the amended codes. Board discussion ensued agreeing that clarification of the proposal language would be prudent.

Discussion by the board continued as to when to meet again to discuss the OUBC proposal, after giving Mr. Mathews time to research and verify the language in the proposal.

MR. SHIELDS MOVED TO DEFER FUTHER DISCUSSION ON THE PROPOSAL UNTIL THE AUGUST 22ND MEETING OF THE BTB; MR. RICKMAN SECONDS.

D. Krehbiel	W. Shields	K. Kelty	B. ENMEIER	B. RICKMAN
Yes	Yes	Yes	Yes	Yes

B. Approval of minutes of the August 28, 2018, meeting.

MR. SHIELDS MOVED TO ACCEPT THE MINUTES AS PRESENTED; MR. KELTY SECONDS.

D. Krehbiel	W. Shields	K. Kelty	B. ENMEIER	B. RICKMAN
Yes	Yes	Yes	Yes	Yes

C. Next regular scheduled meeting is Tuesday, June 27, 2023.

4. ADJOURMENT.

MR. SHIELDS MOVED TO ADJOURN; MR. RICKMAN SECONDS.

D. Krehbiel	W. Shields	K. Kelty	B. ENMEIER	B. RICKMAN
Yes	Yes	Yes	Yes	Yes

Meeting adjourns at 6:42 p.m.

- b. Review and approval of the Building Trades Board 2024 meeting schedule

Mrs. Gibson, Clerk, presents the 2024 meeting schedule and asks if there are any changes and/or concerns; none respond.

Chairman Shields moved to adopt the 2024 meeting schedule as presented was made and Mr. Rickman seconded.
